NEW!
Trak-It® c5
Gas Operated Fastening System
The Industry's Newest, Lightest and Most Powerful Gas Tool
Powers is a proud member of:
Powers FASTENERS
A domestic company headquartered in Brewster, NY

The all new fuel injected Trak-It®C5 cordless concrete pin nailer is the lightest and smallest tool in its class, resulting in less operator fatigue and a better overall ergonomic feel. C5 has the greatest power output at 105 Joules, which allows for shooting into even the hardest concrete, able to shoot pins up to 1-1/2″ in length, and is the only tool in its class that shoots .102, .108, .120 and .145 diameter pins. No other tool can make this claim!

- SIZE – Lower profile is achieved by a new patented combustion chamber design
- WEIGHT – Lightest design among all 100+Joules tools on the market
- POWER – Most Powerful in its class at 105 Joules
- TRIGGER PULL FORCE – Lightest pull load of any tool at 2.65 lbs. creates less fatigue on operator, especially for top track applications
- PIN LENGTH – Greatest variety of pin diameters and lengths with specialized pins available
- SHANK DIAMETER – Only tool that can shoot .102", .108″, .120″ and .145" diameter pins
- ADJUSTABLE DEPTH CONTROL – Can adjust depth up to .187 ″

HIGH QUALITY STAINLESS MESH FILTERS
Reduces fine dust intake and exhaust up to 2 times foam filters

DEPTH ADJUSTER
Simple ratcheting dial allows depth adjustment up to .187″

2-1/2″ CLEARANCE
Shoots deep and slip track with short 1″ stroke

FUEL INJECTION
Precision internal metering of fuel with electromagnetic solenoid valve

UNIQUE MAGAZINE
One magazine accommodates .102, .108, .120 and .145 pin diameters

TRAK-IT C5

Metal mesh filter offers twice the protection of sponge filters, easy to clean and reuse.

SERVICE REMINDER – Steady red light when battery is dead. Flashing light indicator shows tool is in need of required service or cleaning

Convenient belt-loop hook

PUSH BUTTON FUEL DOOR
Fuel cell can be inserted with nose down, then door closes and is ready for use.

SOFT MOLDED GRIP
Ergonomic design for operator comfort

SWING TRIGGER
Makes firing effortless when reaching out or shooting overhead

LED TOOL SERVICE INDICATOR
Illuminates when battery is low. Blinks when tool servicing is required (25,000 shots)

ENGINEERED BELT LOOP
Reversible and can be hung from up to 1-1/2" pipe scaffolding

ONE CLICK LEVER
Track magazine removal is simple

C5 Tool Weight vs. Competition (in Lbs)

Hilti is a registered trademark of Hilti Corporation, Schaan, LI
ITW is a registered trademark of Illiinois Tool Works

JAM-FREE™ C5™ PIN STRIP

- Jam free strip design molded from engineered plastic
- Lengths from 1/2" to 1-1/2"
- .102", .108", .120" and .145" diameters
- 100% smooth rolled point pins for hard concrete
- 100% flame hardened points are virtually unbreakable

C5™ FUEL CELL

- One piece–no valve assembly required
- Improved shelf life–2 Years
- Shoots down to -10° F
- Lean mix for high heat and humidity performance
- Free fuel cell in every box of pins

Lathing Washer

Mini conduit Clip

Rod Hanger

Conduit Clip – One Hole Strap

Denz-Tight™ Pin Washer

800 pins per fuel cell, 4500 pins per charge

Magazines are quickly removable by lever to remove pins jams or to change of magazines. 2 different magazines available. Short Track 22 pin capacity 1/2" to 1-1/2" pins up to .145" diameter or DT track 2-1/2" deep track 42 pin capacity.
