

# Earn LEED® Certification with help from CEMCO

Steel Framing and Metal Lath

## LEED® with CEMCO

California Expanded Metal Products Co. is proud to be a member of the U.S. Green Building Council and support its LEED program, which aims to improve environmental and economic performance of commercial and residential buildings. LEED (Leadership in Energy & Environmental Design) certifies buildings that meet the standards utilizing energy, environmental design and products, as defined in the LEED rating system. The use of CEMCO products can help projects accumulate points in specific categories, including Recycled Content and Local/Regional Materials.

## Recycled Content

Recycled steel content used in the fabrication of CEMCO cold-formed-steel products are in compliance with the Requirement for Environmental and Recycled Content Materials. CEMCO steel suppliers have indicated that their steel contains 25% to 30% recycled steel. The steel products are manufactured from steel consisting of the following contents:

- 72.5% virgin
- 32% post-consumer
- 16% post-industrial

## Local/Regional Materials

CEMCO serves the Western United States through its primary locations in the City of Industry and Pittsburg, Calif., and Denver, Colo.

## Additional Information

For all the information you need about becoming LEED-certified using steel-framing materials, please complete this form and fax to fax a copy to 626.369.7243 or email it to [tgribekian@cemcosteel.com](mailto:tgribekian@cemcosteel.com).

## Request for LEED Information

For LEED submittal information please use this form. Fax a complete copy to 626.369.7243 or email it to [tgribekian@cemcosteel.com](mailto:tgribekian@cemcosteel.com).
