About AWCI'S Academy

Academy 2008 is a two-day, in-depth, educational program offering a management and a technical track. In its 24th year, it is one of AWCI's most successful programs.

Academy is sponsored by The Association of the Wall and Ceiling Industry, the nation's premier association representing the full range of wall and ceiling professionals.

Each year, AWCI surveys its members and industry professionals for insight into current industry trends and critical issues that our members should be aware of. With this information, AWCI's Education Committee develops a two-day educational program called Academy. The program is designed to keep the wall and ceiling professional on the leading edge of the industry.

Not only is Academy packed with two days of quality educational programming, it is also the leading venue for networking in order to expand your company's business relationships and meet other industry professionals.

Take this opportunity to gain recognition from your industry colleagues by becoming a sponsor.
