At the Paris Las Vegas Hotel, April 12–17, The Association of the Wall and Ceiling Industries—International will host its 86th Annual Convention & Trade Show, AWCI's Expo: Construction Directions 2004.

The grand opening of the expo will be held at 12:30 p.m. on Thursday, April 15, and the hall will remain open until 5 p.m. The show is open again the next day from 10 a.m. until 3 p.m. As always, the show will include booths from all major manufacturers and suppliers serving the wall and ceiling industry.

To comply with an AWCI board of directors policy to actively support those companies exhibiting at the exposition, the following list of exhibitors is printed for your information. It is based on data provided by exhibitors who reserved their booth and submitted their listing before Jan. 21, 2004. Because of publication deadlines, all exhibitors may not be included. Complete information on all the companies exhibiting at AWCI's Expo: Construction Directions 2004 will be available in the exhibit hall.

Please note: Listed listings are advertisers in this issue of AWCI's Construction Dimensions.

Lightweight and simple, the ZipWall® barrier system uses any plastic sheeting or canvas for containing messy areas on any job site. One person can easily screen off a work area in minutes. The new Tight-Seal Accessories allow for a tight and along the ceiling or walls without tape. See our ad on page 85.
