

*First Annual***Wall and Ceiling Distributor Directory**

This directory of wall and ceiling distributors is organized by region of the country. We asked manufacturers to list their distributors, and then we contacted those distributors and asked them to list regions served and lines carried. We asked for "lines carried" rather than products because the AWCI Buyer's Guide, published in April, will list specific product categories and manufacturers.

Although every attempt was made to contact all distributors and include all lines carried, there may be omissions. We regret any omissions that occur. (Note: Boldface indicates paid listing.)
