LEED v4 and Sustainability Resources

LEED v4

CEMCO® is pleased to join the efforts of the U.S. Green Building Council and LEED® program that improves environmental and economic performance of commercial, industrial and residential buildings. The LEED® program certifies buildings that meet standards utilizing energy, environmental design, and products as defined the LEED® rating system. The use of CEMCO products can help contribute points in specific categories. CEMCO's products contain the following percentages of recycled steel content:

- Total Recycled Content: 36.9%.
- Post-Consumer: 19.8%.
- Pre-Consumer: 14.4%.

LEED v4 for Building & Design Construction (effective October 31, 2016)

- MR Prerequisite: Construction and Demolition Waste Management Planning.
- MR Credit: Construction and Demolition Waste Management.
- MR Credit: Building Product Disclosure and Optimization — Sourcing of Raw Materials, Option 2.
- MR Credit: Building Product Disclosure and Optimization — Environmental Product Declarations, Options 1 & 2.
- MR Credit: Building Product Disclosure and Optimization — Material Ingredients, Option 1.
- MR Credit: Building Life-Cycle Impact Reduction, Option 4.

CEMCO's Environmental Product Declaration (EPD)

CEMCO is one of the few manufacturers of cold-formed steel framing and metal lath products and accessories to offer our own EPD for your use in qualifying for LEED v4 certification. Submitting CEMCO's EPD on your project can double the points awarded. CEMCO's Environmental Product Declaration (EPD) covers the following products:

- Structural Stud and Track Products.
- Interior Non-Load Bearing Stud and Track Products.
- ViperStud® Non-Load Bearing Stud and Track Products.
- Interior Drywall Framing, Furring, and Resilient Channels.
- Cornerbeads, Trims, and Control/Expansion Joints.
- Clips, Connectors, and Channels.

- CST, SLP-TRK® & FAS Track 1000® Head of Wall Products.
- ProX Header® and ProX Rough Opening Products.
- Sure-Span® Steel Floor Framing Products.
- Sure-Board® for Shear Products.
- USG SHAFTWALL® Products.
- USG Area Separation Wall Products.
- Expanded Metal Lath Products.
- Lath and Plastering Accessories.

CEMCO's Health Product Declarations (HPD)

To provide you with the most accurate and transparent information about our products, CEMCO has published the following Health Product Declarations (HPD's) for you to include in your LEED v4 applications. Each HPD is specific to one of the several product groups CEMCO's manufactures right here in the United States at one of our four state-of-the-art manufacturing facilities. As we continue to expand our product lines by introducing new and innovative products and systems, we will add their HPD's to this list below:

- Health Product Declaration for CEMCO Structural Curtain Wall Studs and Track.
- Health Product Declaration for CEMCO ViperStud® and ViperTrack.
- Health Product Declaration for CEMCO ProX Header®.
- Health Product Declaration for CEMCO SureSpan® Floor Joists.
- Health Product Declaration for CEMCO Head of Wall — Slotted Tracks.
- Health Product Declaration for CEMCO Sure-Board® 200 and 200B.
- Health Product Declaration for CEMCO Sure-Board® 200W MDF.
- Health Product Declaration for CEMCO Metal Lath — No Paper.
- Health Product Declaration for CEMCO Metal Lath — D-Paper.
- Health Product Declaration for CEMCO Metal Lath — K-Paper.
- Health Product Declaration for CEMCO USG Shaft Wall Systems.
- Health Product Declaration for CEMCO USG Area Separation Wall Systems.
