Contracts received on or after August 1, 2023, will be assigned on a first-come, first-served basis. Every effort will be made to assign the exhibitor to one of their chosen spaces; however, the Show Manager reserves the right to make or change final space assignments after acceptance of the booth application should it be necessary in the best interest of the exhibition.

## Shipping/Handling and Receipt of Freight

The official drayer for receipt of the exhibit materials and delivery of these materials to the exhibit space will be designated in the Exhibitor Service Manual. Shipment of exhibit materials, whether by motor freight (common carrier) or air, should be forwarded in accordance with the specific instructions given by the official drayer in the Exhibitor Service Manual. Exhibit materials are to be sent prepaid with a copy of the Bill of Lading forwarded to the official drayer. All materials should be sent to the location designated by the drayer, and nothing should be sent to the exhibit site unless the exhibitor has made arrangements with the drayer beforehand to receive the materials there. Neither the exhibit facility nor its staff are prepared or authorized to receive or handle an exhibitor's shipment. Exhibit materials should be scheduled to arrive according to the instructions provided in the Exhibitor Service Manual.

## Exhibit Standards

Exhibitor agrees to abide by all exhibit display guidelines published in the Exhibitor Service Manual. All booths must provide a floor covering when the event is in a cement floor convention center or ballroom; carpeting and furniture are not included in the exhibit fee. In the area five (5) feet forward from the rear of the booth, display material may be placed up to a height not exceeding eight (8) feet from the floor. All exhibitors must remain within the confines of their own exhibit space, and no exhibitor will be permitted to erect signs or display products in such a manner as to obstruct the view or affect the display of other exhibitors. Exhibits not conforming to these specifications, or which in design, operation or otherwise are deemed objectionable by AWCi in its sole discretion, will be prohibited.

BUILD24 exhibitors will be required to use IAEE Exhibit Guidelines for all booths. Island booths may go up to sixteen (16) feet in height, with non-islands having a

height of eight (8) feet. Non-island booths will not be permitted to have hanging signs unless they are granted permission by the Show Manager.

All island booth renderings must be submitted to Samantha J. Riemer, [riemer@awci.org](mailto:riemer@awci.org), for approval. Any island booth that is not approved prior to arrival at BUILD24 cannot move in.

## Distribution of Food/Beverages in Booth

All distribution of in-booth food and beverage must be approved by the Show Manager. Failure to comply may result in the food or beverage being removed from the exhibiting company's booth and/or charges being paid to the sponsoring hotel or convention center.

## Exhibitor Service Desk

Provisions will be made to maintain an Exhibitor Service Desk throughout the exhibition's installation and dismantling period.

## Safety

Fire regulations require all display material used for decoration to be flameproof. Any/all electrical equipment, including signs and lights, shall be in good operable condition and able to pass the inspection of the local Fire Underwriters Inspection Bureau. Each exhibitor agrees to be knowledgeable and responsible regarding ordinances and regulations pertaining to health, fire prevention and public safety while participating in this exhibition.

The use of flammable materials necessary to the purpose of the exhibit, where no other alternative can be used, must first be approved by Show Management, in writing, no less than ninety (90) days before the opening of the exhibit.

## Use of Exhibit Space

Exhibitors shall reflect their company's highest standard of professionalism while maintaining the booth during exhibit hours. The booth must be maintained by at least one company representative at all times during trade show hours. All demonstrations and exhibits must be confined to the contracted space. No exhibitor shall assign, sublet or share the whole or any part of the contracted exhibit space.

## Security & Liabilities

Security guards shall be furnished during the closed hours of the exhibition. The furnishing of the guards shall not increase the liability of the sponsors. After exhibit hours, only those exhibitors properly identified and having the permission of the Show Manager may enter the exhibit area.

Neither the sponsor, the official service contractors, the exhibit facility, nor the members, representatives and/or employees will be responsible for injury, loss or damage that may occur to the exhibitor or to the exhibitor's representatives or property, from any cause, prior, during or subsequent to the period covered by this registration/contract.

The sponsor and its agents and employees will not be liable for failure to hold the exhibition as scheduled. Payments for exhibit space will be returned in that event, except that any actual expenses incurred in connection with the exhibition will be deducted if the exhibition is called off ninety (90) days or less prior to the opening date because of fire, force majeure, public enemy, strike, epidemic, and/or any law, regulation or public authority that makes it impossible or impractical to hold the exhibition.

Damage to inadequately packed property is the exhibitor's own responsibility.

Damage to the facility housing the exhibit caused or done by the exhibitor shall be replaced or repaired by the exhibitor. Additionally, the exhibitor agrees to protect, save and hold harmless the sponsors, its employees and agents and the convention facility from all loss and/or damage caused to the facility housing the exhibition, directly or indirectly.

## Certificate of Insurance Requirements

Each exhibitor MUST provide a Certificate of Insurance evidencing Commercial General Liability insurance in the amount of \$1,000,000. Policies shall name Association of the Wall and Ceiling Industry (AWCI) and Walt Disney World Swan & Dolphin Resort in the description of operations/locations/vehicles. If your insurance broker is providing the required evidence of coverage, forward the certificate to Samantha J. Riemer at [riemer@awci.org](mailto:riemer@awci.org).

## Admission

AWCI shall have sole control over all admissions of persons. All persons visiting the exhibit area will be admitted according to the rules and regulations of the exhibition or as amended by the sponsor.

## Amendments to Regulations

Any and all matters and questions not specifically covered by the articles in this contract shall be subject to the decision of the sponsor. The sponsor, in the interest of the exhibition, may amend the items covered by this contract at any time, and notice shall be binding on exhibitors equally with the foregoing rules set forth in this contract.

## Photography and Videography

Any photography and videography must be of your own booth space, its contents and its personnel. All other photography and videography must be approved by the Show Manager. Any witnessed unauthorized professional videography is a violation and may result in the loss of admission to future shows.
